## CONFIDENTIAL CATALOG - 2011 LEATHER THERAPY - CAR CARE PRODUCTS

Product  
Number

Product  
Description

**LEATHER THERAPY WASH** - A neutral pH cleaner with micro sudsing action that lifts out imbedded dirt, oils and leftover perspiration salts. Wash will even help remove mold and mildew from leather. Spray a small amount of Wash onto a damp cloth or applicator pad and gently work up a foam to lift out the dirt and leftover salts. Extremely dirty areas may require gentle brushing with a very soft brush. Rinse thoroughly with lots of water and clean sponge or cloth. Once all traces of Wash have been thoroughly removed, pat dry with a clean, soft 100% cotton towel. Clean your leather interior about twice a year and immediately follow with a coat of Leather Restorer & Conditioner. (Our co-favorite leather cleaner.).

**13701 Leather Therapy Wash - 2oz Bottle**

**13702 Leather Therapy Wash - 8oz Bottle**

**13703 Leather Therapy Wash - 16z Jug**

**LEATHER THERAPY RESTORER & CONDITIONER** - A blend of natural and synthetic emollient oils that will help maintain soft, supple leather and will even help restore slightly neglected leather. Does not contain petroleum distillates, silicones or waxes. Apply a small amount of Restorer to a clean applicator pad, sponge or a soft, 100% cotton cloth and work a thin, even coat onto the surface. Allow the coat to dry thoroughly and then wipe off any excess with a separate clean, soft cloth. Drying time will depend up the dryness and condition of the leather. If there are old imbedded oils or soap trapped within the fibers of the leather, Restorer will bring them to the surface as it dries. If this happens, simply wipe down the surface with a damp cloth to reveal the natural patina. Use 4-6 times a year to keep your leather in top condition. You do not have to clean the leather every time you condition, but you must condition every time you clean it. Do not use on suede. (Our co-favorite leather conditioner.)

**13710 Leather Therapy Restorer & Conditioner-2oz Bottle**

**13711 Leather Therapy Restorer & Conditioner-8oz Bottle**

**13712 Leather Therapy Restorer & Conditioner-16z Jug**
