PRODUCT LIST - 2011 ONE GRAND - CAR CARE PRODUCTS

**Product
Number**

**Product
Description**

ONE GRAND BLITZ CARNAUBA WAX - The ultimate Carnauba paste wax that works equally well on all paint colors and types of paint. Produces a deep, durable, "wet look" shine that protects the paint against harmful elements. Blitz contains no cleaners or abrasives. It is easy to apply and easy to remove, yet long lasting. Apply with a microfiber applicator pad, closed cell foam pad, a 100% cotton terry covered foam pad or use your fingers instead of a pad (your body heat helps melt the wax). Buff out with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a 100% cotton flannel cloth to produce a deep long lasting shine. Blitz is the easiest to apply and remove wax we have ever found. You may layer several coats (a week apart) for an even deeper shine. (Our favorite wax for a daily driver.)

- 10201 One Grand Blitz Carnauba Wax - 10 oz Can
10202 One Grand Blitz Carnauba Wax - 15 oz Can

ONE GRAND CLEAN-N-WAX - A chemical based one step cleaner and wax that cleans, polishes and waxes in one easy step. Removes light oxidation and helps remove very minor swirls or scratches. Clean-N-Wax is an excellent product to maintain large surface areas such as RVs, tractor trailers, boats, buses, aircraft and fleet equipment. May be applied either by hand or slow speed buffer using a closed cell foam polishing pad. Work into the surface until it hazes, allow to cure for approximately 90 seconds and then buff out with a Blu-Velvet Microfiber Buffing/Polishing Cloth or 100% cotton flannel cloth. Produces an excellent long lasting, protective shine.

- 10203 One Grand Clean-N-Wax - 16 oz Bottle
10204 One Grand Clean-N-Wax - 1 Gallon Jug

ONE GRAND GLAZE - A high gloss, water based medium glaze geared for domestic finishes. Removes minor swirls or scratches and adds depth to the paint. Apply with a microfiber applicator pad or a soft 100% cotton flannel cloth or 100% cotton terry applicator pad, using a linear motion, then buff out with a Blu-Velvet Microfiber Buffing/Polishing Cloth or 100% cotton flannel cloth. A fairly aggressive glaze that should be followed with a finishing glaze such as One Grand Omega Glaze, then wax with One Grand Blitz Carnauba Wax for a long lasting finish.

- 10205 One Grand Glaze - 16 oz Bottle
10206 One Grand Glaze - 1 Gallon Jug

ONE GRAND OMEGA GLAZE - A water based finishing glaze that feeds the paint, removes minor swirls and produces a wet look. It will also help reduce spider web lines in a paint's finish. Apply with a microfiber applicator pad or soft 100% cotton flannel cloth, or terry cloth covered foam applicator pad, work into the paint, using linear motions, until all that remains is a faint haze and then buff out with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft 100% cotton flannel cloth. Certain areas may require more than one application. Once you are happy with the appearance, follow up with a coat of One Grand Blitz Carnauba Wax for long lasting protection. May also be applied using a slow speed buffer using a closed cell foam polishing pad.

- 10207 One Grand Omega Glaze - 16 oz Bottle
10208 One Grand Omega Glaze - 1 Gallon Jug

ONE GRAND SPECIAL TOUCH CLEANER - An aggressive combination chemical cleaner and glaze developed to remove minor swirls, water spots and other surface defects from clear-coated paints. Gently apply to a small area with a microfiber applicator pad or 100% cotton flannel cloth or a 100% cotton terry covered foam pad, using linear motions. Buff out with a Blu-Velvet Microfiber Buffing/Polishing Cloth or 100% cotton flannel cloth. Once the swirl marks/surface defects are gone, follow with an application of One Grand Omega Glaze and then a coat of One Grand Blitz Carnauba Wax. Works best on American and Japanese finishes.

- 10209 One Grand Special Touch Cleaner - 16 oz Bottle
10210 One Grand Special Touch Cleaner - 1 Gallon Jug

PRODUCT LIST - 2011 ONE GRAND - CAR CARE PRODUCTS

**Product
Number**

**Product
Description**

ONE GRAND RESEAL CLEANER - DISCONTINUED - Limited Quantities Available - An abrasive, water based liquid cutting agent to remove light to medium oxidation from single stage, non-clear coated paint only. DO NOT use on clear coat paint. Apply a small amount to a microfiber applicator pad or a 100% cotton flannel cloth or a terry cloth covered foam applicator pad. Work into the paint, by hand with moderate pressure, in a linear motion until all that remains is a slight haze. Buff off with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft, 100% cotton flannel cloth. May also be applied with a slow speed buffer and closed cell foam polishing pad. Apply to small section of the car, work into the paint carefully until it hazed and then buff off with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a 100% cotton flannel cloth. Follow immediately with a coat of Omega Glaze and finally a coat of Blitz Wax.

10211 One Grand Reseal Cleaner - 16 oz Bottle

10212 One Grand Reseal Cleaner - 1 Gallon Jug

ONE GRAND HEAVY DUTY CLEANER - DISCONTINUED - Limited Quantities Available - A very abrasive water based liquid cutting agent for medium to heavy oxidation or scratches on single stage pigmented paints. DO NOT use on clear coats. Apply with a microfiber applicator pad or 100% cotton flannel cloth, closed cell foam pad or terry cloth covered foam applicator pad using linear motions. Buff out with a Blu-Velvet Microfiber Buffing/Polishing Cloth or soft 100% cotton flannel cloth. Follow with One Grand Omega Glaze and a coat of One Grand Blitz Carnauba Wax.

10213 One Grand Heavy Duty Cleaner - 16 oz Bottle

10214 One Grand Heavy Duty Cleaner - 1 Gallon Jug

ONE GRAND CHROME CLEANER & POLISH - Use on chrome mirrors, bumpers, tail pipes and wheels to remove surface rust or grime and restore the shine. DO NOT use Chrome Polish on chrome plated plastic or anodized surfaces as damage may occur to these surfaces. If a magnet sticks to the metal then it is probably chrome (If in doubt, do not use it). May also be used to remove severe water spots from glass. Apply a small amount to a microfiber applicator pad or soft 100% cotton flannel cloth, work into the surface until it hazes, then buff off with a Blu-Velvet Microfiber Buffing/Polishing Cloth or 100% cotton flannel cloth. If the surface is very rusty, try applying with 0000 steel wool and then buff out with another soft cloth. (Our favorite chrome polish.)

10215 One Grand Chrome Cleaner & Polish - 16 oz Bottle

ONE GRAND PLASTIC CLEANER & POLISH - A gentle polish that will clean as well as help remove or reduce minor scratches in plastic, Lexan, Plexiglas and acrylic surfaces. Apply a small amount with a microfiber applicator pad or a 100% cotton flannel cloth, work into the surface until all that remains is a faint haze, then burnish to a shine with a Blu-Velvet Microfiber Buffing/Polishing Cloth or another soft 100% cotton flannel cloth. Some areas may require 2-3 applications. Use on convertible rear windows, lens covers, brake lights, headlight covers, motorcycle fairings, bug deflectors and plastic gauge faces.

10217 One Grand Plastic Cleaner & Polish - 16 oz Bottle

10218 One Grand Plastic Cleaner & Polish - 1 Gal - Discontinued Size

ONE GRAND MAG-NIFICENT ALUMINIUM POLISH -16 OZ JAR - 16 oz Jar - DISCONTINUED - Limited Quantities Available - A non acidic paste polish for non-coated aluminum, magnesium-aluminum alloys, polished diamond plate, stainless steel, brass and other soft metals. DO NOT use on plated plastic or clear coated, anodized or painted metals. Rub into the metal surface with a microfiber applicator pad or a soft 100% cotton flannel cloth until there is nothing left but a faint haze and then buff to a high shine with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft 100% cotton flannel cloth. Great for airplanes, boats and bare alloy wheels.

10220 One Grand Mag-Nificent Aluminium Polish -16 oz Jar

DISCONTINUED

PRODUCT LIST - 2011 ONE GRAND - CAR CARE PRODUCTS

Product
Number

Product
Description

ONE GRAND DO-IT-ALL PROTECTANT - 16 oz Pump Spray Bottle - A water based interior dressing and protectant for plastic, vinyl or leatherette. Leaves a medium satiny gloss finish without a sticky or greasy feel. We do not recommend it for leather surfaces. Spray a small amount onto a soft 100% cotton cloth, apply a thin, even coat, allow to penetrate for a few minutes and then buff off the excess with another soft 100% cotton cloth.

10221 One Grand Do-It-All Protectant - 16 oz Pump Spray

10222 One Grand Do-It-All Protectant - 1 Gallon Jug

ONE GRAND LEATHER CONDITIONER - DISCONTINUED - Limited Quantities Available - A petroleum based conditioner designed for American and Japanese leathers. Spray a small amount on a sponge or soft 100% cotton cloth, work evenly into the surface of the leather, allow it to be absorbed for 10-15 minutes and then wipe off the excess with another soft, dry 100% cotton cloth. Will not leave the surface sticky or greasy. Do NOT use on suede. Strictly a conditioner, so dirty leather will need a separate leather cleaner prior to conditioning.

10225 One Grand Leather Conditioner - 16 oz Pump Spray

10226 One Grand Leather Conditioner - 1 Gallon Jug

ONE GRAND EXTERIOR RUBBER & VINYL - One of the best dressings for exterior rubber/vinyl trim and tires that will not chalk or turn brown. Use on tires, bumpers, exterior vinyl or rubber trim and vinyl tops. Spray a small amount onto a soft, 100% cotton cloth or sponge, work a thin coat evenly onto the surface, allow to penetrate for a few minutes and then buff off the excess with another soft 100% cotton cloth. A few applications about a week apart will help restore the deep color to the rubber and vinyl trim as well as enhance the longevity. Leaves a rich, low gloss finish that lasts. (Our favorite exterior rubber/vinyl conditioner.)

10229 One Grand Exterior Rubber & Vinyl - 16 oz Pump Spray

10230 One Grand Exterior Rubber & Vinyl - 1 Gallon Jug

ONE GRAND GLASS CLEANER - An outstanding alcohol based glass cleaner that minimizes streaking and smearing. Spray it on the center two thirds of the glass, use an unprinted white paper towel to spread evenly over the entire surface of the glass, then wipe almost dry with another white paper towel or a Micro-Maize Microfiber Glass Cloth. Polish to a sparkling finish with a Micro-Maize Microfiber Glass Cloth. Do not apply to extremely hot windows or in extremely hot weather. Will help clean the stubborn polymer off gassing from the inside glass. DO NOT use on the tinted side of aftermarket-tinted windows. (Our favorite pump spray glass cleaner.)

10233 One Grand Glass Cleaner - 16 oz Pump Spray

10234 One Grand Glass Cleaner - 1 Gallon Jug

ONE GRAND ALL PURPOSE CLEANER - A strong, water based cleaner for heavy duty cleaning of vinyl, rubber, carpets, tires and other spot cleaning. Spray a small amount onto a soft 100% cotton cloth, gently scrub the area to be cleaned, then damp sponge or gently brush the area with a soft brush for 15-20 seconds. Rinse thoroughly with water and a clean damp sponge, repeatedly rinsing the sponge in clean water and then dry thoroughly with a soft 100% cotton towel.

10237 One Grand All Purpose - 16 oz Spray - DiscontinuedSize

10238 One Grand All Purpose Cleaner - 1 Gallon Jug

Product
Description

ONE GRAND WASH & WAX SOAP - A biodegradable car wash soap that contains glossing agents and will not strip wax. Rinses easily and does not leave a film or residue, but does leave a protective wax coating on the finish. Wash one section of the car at a time, rinsing the area completely before continuing onto another section. Do not allow the soap to dry on the car. Works well on American and Japanese paint.

10249 One Grand Wash & Wax Soap - 16 oz Bottle

10250 One Grand Wash & Wax Soap - 1 Gallon Jug

ONE GRAND UPHOLSTERY SHAMPOO - An odorless, water based, interior shampoo for carpets, velour and fabric. Spray a light mist onto the surface to be cleaned and sponge, towel or brush with a soft interior brush for 15-20 seconds to remove the dirt. Wipe the cleaned area repeatedly with a clean, damp sponge to remove the shampoo. Rinse the sponge frequently with clean water. When thoroughly rinsed and all traces of shampoo are gone, blot dry with a soft clean 100% cotton towel, then vacuum thoroughly to remove any traces of water. Never saturate the material being cleaned.

10253 One Grand Upholstery Shampoo - 16 oz Pump Spray

10254 One Grand Upholstery Shampoo - 1 Gallon Jug

ONE GRAND SHOW OFF QUICK DETAILER - A specially formulated solution of liquid waxes and gloss enhancers to give your car that just waxed look between waxings. Wash and dry your car, then mist on a very light coat or apply to a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft 100% cotton flannel cloth and buff out for a brilliant shine. Great for removing water spots that remain after you wash your car. Do not use on a dusty surface as scratching may occur. A California Car Duster will help to remove dry dust prior to applying Show Off. May be used as often as desired with no buildup. (Our co-favorite quick detailer and an excellent lubricant when using any brand of paint clay.)

10260 One Grand Show Off Quick Detailer - 16oz Pump Spray

10261 One Grand Show Off Quick Detailer - 1 Gallon Jug

ONE GRAND METAL 300 POLISH - 16 OZ BOTTLE - 16 oz Bottle - Metal 300 is a liquid metal polish that cleans and protects non-coated aluminum, magnesium-aluminum alloys, polished diamond plate, stainless steel, brass and copper. DO NOT use on plated plastic or clear coated, anodized or painted metal. The non-acidic polish provides a deep shine. Apply a small amount to a microfiber applicator pad or soft 100% cotton flannel cloth, work into the surface until it hazes and then buff out with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft 100% cotton flannel cloth. Badly tarnished areas may require multiple applications.

10265 One Grand Metal 300 Polish - 16 oz Bottle

ONE GRAND PASTE GLASS CLEANER - 24 OZ JAR - 24 oz Jar - A thick paste glass cleaner developed specifically to remove mineral deposits and water spots from exterior glass. Apply with a damp sponge, work thoroughly into the glass with moderate pressure until there is nothing but a faint haze remaining and allow to dry. Wipe off the slight powder residue with a Micro-Maize Microfiber Glass Cloth or soft 100% cotton flannel cloth. Turn the cloth over and buff to a sparkling clean, crystal clear finish. DO NOT use on Plexiglas, plastic or on the tinted side of aftermarket tinted windows. (Our favorite paste glass cleaner.)

10284 One Grand Paste Glass Cleaner - 24 oz Jar

ONE GRAND PRO APPLIYER - Applicator Wand with Reservoir - The Pro Applier has an easy fill reservoir handle with a soft rectangular angled foam tip. Fill the handle with your favorite liquid product and use the soft sponge tip to evenly apply the liquid. The offset of the handle means you won't scrape your knuckles.

10290 One Grand Pro Applier

**Product
Description**

ONE GRAND WASH MITT WITHOUT THUMB - 9" x 8" Mitt without Thumb - This super soft, synthetic wool wash or dust mitt has an elastic wristband to help secure it. The long lasting, soft Lorene Dynel fibers help keep dirt away from the surface to reduce possible scratching. The thumbless design allows you to use both sides or to use on either hand. Use one to wash your car and keep another one to use dry to dust the interior. When dirty, machine wash with detergent only and air dry.

10291 One Grand Wash Mitt Without Thumb

ONE GRAND FOAM WAX & POLISH APPLICATOR - 3 1/2" Diameter Pad - The closed cell foam applicator pad that is great to apply wax, glaze, polish or protectants. You will find that the uses are only limited by your imagination. Wash in warm water, squeeze out and air-dry to use over and over.

10293 One Grand Foam Wax & Polish Applicator

10294 One Grand Foam Wax & Polish Applicator - Pkg of 6

ONE GRAND GALLON JUG PUMP DISPENSER - 1 oz Pump Dispenser - A full stroke of the dispenser pumps one ounce of liquid. This is a perfect accessory for any of the One Grand Gallon Jugs. Use with the Wash & Wax to dispense the exact amount into a bucket of water. Use it to dispense whatever amount of All Purpose Cleaner or Upholstery Shampoo needed for a particular dilution. Pump out a small amount of any of the other One Grand products onto an applicator.

10299 One Grand Gallon Jug Pump Dispenser
