Description

ZYMOL CARBON WAX - 8 OZ JAR - Carbon formula is for dark colors. A totally abrasive free wax containing nutritive oils, enzymes and 37% Brazilian #1 Carnauba to replenish and protect both new and older finishes. May be used on chrome, alloy wheels, plastic trim and Plexiglas with no chalk residue or staining. A little goes a long way and has a very pleasant coconut smell. Apply to a small area (12" x 12") and immediately buff off with a microfiber buffing/polishing cloth or a soft, 100% cotton flannel cloth for one of the deepest shines and highest gloss finishes available. Wax as often as you wish without wax buildup.

11106 Zymol Carbon Wax - 8 oz Jar

ZYMOL HD CLEANSE - A pre-wax cleaner (glaze) formulated to uncover a lower level of paint, remove light oxidation and moderate scratches. The natural astringent properties penetrate and release accumulated road film and tar. Place a small amount on a soft, 100% cotton flannel cloth, or Zymol Pre-Wax Applicator Pad, and apply to the paint using moderate pressure within a 24" x 24" area. Work into the surface until tacky, then buff off with a microfiber buffing/polishing cloth or a clean, soft, 100% cotton flannel cloth. Follow immediately with an application of wax to protect the fresh finish.

11115 Zymol HD Cleanse - 8.5 oz Bottle

ZYMOL CLEAR AUTO BATHE - A unique car wash containing surface conditioners, lemon extracts, tallow soaps, safflower oil and other protective oils. Clear does not contain detergents and will not strip wax. Add a small amount to warm water and starting with the top, wash one section at a time, then rinse the section thoroughly. Repeat this washing/rinsing procedure for each section of the car and do not allow Clear to self-dry before rinsing.

11120 Zymol Clear Auto Bathe - 8.5 oz Bottle

ZYMOL TREAT LEATHER CONDITIONER - 8.5 OZ BOTTLE - Non-solvent, banana oil, collagen based, leather conditioner that feeds the leather to restore the original hide moisture. Apply to the leather with a dry, soft 100% cotton terry cloth, let it soak into the leather for 10 minutes and gently buff off the excess with another soft 100% cotton terry cloth. Do not use on suede. Dirty leather will require a separate leather cleaner. Use 3-4 times a year to maintain leather in top condition.

11126 Zymol Treat Leather Conditioner - 8.5 oz Bottle

ZYMOL VINYL CONDITIONER - 8.5 OZ BOTTLE - A penetrating, protective, natural oil based lotion that feeds and shields vinyl and rubber trim. Leaves a non-greasy shine on all vinyl surfaces. Does not clean vinyl, only protects it with a moisture barrier, so the surface must be clean. It does not contain formaldehyde or solvents. Apply a thin coating with a soft 100% cotton terry cloth, allow it to penetrate for 20 minutes and then buff off the excess with another soft 100% cotton terry cloth.

11131 Zymol Vinyl Conditioner - 8.5 oz Bottle

ZYMOL STRIK ENGINE WASH - 8.5 OZ BOTTLE - Strik is a non-caustic, acid free, chlorine free, citric oil based cleaner designed to safely remove cosmoline, oil and grease from all surfaces. Concentrated, so must be mixed with water in the Zymol Schpritzer Bottle.

11136 Zymol Strik Engine Wash - 8.5 oz Bottle

Description

ZYMOL GLAS WASH CONCENTRATE - 5 OZ BOTTLE - DISCONTINUED SIZE - Limited Quantities Available - A non-phosphoric, non-ammonia, glass wash designed to eliminate the cohesive bond between glass and dirt without streaking or harm to window tinting. Concentrated, so must be mixed with the proper amount of water and applied with a Zymol Schpritzer Bottle. Glas is one of the few glass cleaners that may be used on after market tinted windows. Test a small inconspicuous area first to insure the colorfastness of the tinting.

11140 Zymol Glas Wash Concentrate - 5 oz Bottle

ZYMOL GLAS CARE - PREMIXED - 12 OZ PUMP SPRAY BOTTLE - A non-phosphoric, non-ammonia, glass wash designed to eliminate the cohesive bond between glass and dirt without streaking or harm to window tinting. Glas is one of the few glass cleaners that may be used on after market tinted windows. Test a small inconspicuous area first to insure the colorfastness of the tinting.

11141 Zymol Glas Care - Premixed - 12 oz Pump Spray Bottle

ZYMOL FABRIQUE CLEANER - 5 OZ BOTTLE - A non-phosphoric, non-solvent, fabric cleaner for seats, carpets and cabriolet tops that does not damage the material. Fabrique is concentrated, so it must be mixed with non-salt seltzer water in the Zymol Schpritzer Bottle. Spray on a small amount, gently brush the area with a soft brush, rinse repeatedly with a damp sponge and vacuum thoroughly.

11145 Zymol Fabrique Cleaner - 5 oz Bottle

ZYMOL METALL BRIGHTWORK POLISH KIT - Metall Britework Polish Kit was developed to gently clean, polish and protect automotive metal trim. Metall may be used on silver, brass, copper, nickel, stainless steel and aluminum. All of these metal are affected by oxygen, engine oil acids, salt corrosion and environmental exposure. Metall's polishing oils remove tarnish and discoloration while polishing. The oils then leave a protective coating to act as a barrier against further exposure.

11146 Zymol Metall Brightwork Polish Kit

ZYMOL DETAIL WAX - 2 OZ JAR - A non-solvent, non-alcohol based, heavy feeding wax designed specifically for the flex agent paints used on fiberglass, PVC, polyurethane and ABS body panels. The wax seals the paint flex agents with a hard, cured finish to maintain the flexibility of the finish. Apply to a small area (12" x 12") and immediately buff off with a microfiber buffing/polishing cloth ora soft, 100% cotton flannel cloth.

11150 Zymol Detail Wax - 2 oz Jar

ZYMOL SEAL RUBBER CONDITIONER - 8.5 OZ BOTTLE - A glycerin, aloe vera and coconut oil rubber conditioner that feeds and protects all soft rubber seals and gaskets. Zymol Seal does not contain any solvents, raw silicone oil or formaldehyde that damage rubber. Use about twice a year to help prolong the life and resiliency of live rubber gaskets. Apply a small amount to a soft 100% cotton cloth, work into the rubber, allow to penetrate for a few minutes and then buff off the excess with another soft 100% cotton cloth.

11156 Zymol Seal Rubber Conditioner - 8.5 oz Bottle

Description

ZYMOL PORSCHE GLASUR GLAZE - 8 OZ JAR - Porsche Glasur Glaze is specially formulated to protect and enhance the rock hard Porsche paints. Glasur contains 56% Brazilian Yellow Carnauba Wax, Montan Oil, Avocado Oil and Propolis to provide possibly the ultimate depth of shine. Warm the wax in the palm of your hand and apply to a small area (12" x 12"). Let the wax stand for 30 to 60 seconds then buff off with a soft microfiber buffing/polishing cloth or a soft, 100% cotton flannel cloth. Wait 3-4 hours, then lightly buff the paint to perfect the shine. Wax as often as you wish with no wax buildup.

11157 Zymol Porsche Glasur Glaze - 8 oz Jar

ZYMOL JAGUAR GLAZE - 8 OZ JAR - Jaguar Glaze is specially formulated to protect and enhance the Jaguar paints. Jaguar contains 11% Carnauba Sap, 24% Yellow Carnauba Wax, Banana Oil, Coconut Oil and Propolis to provide possibly the ultimate depth of shine. May be used on chrome, alloy wheels, plastic trim and Plexiglas with no chalk residue or staining. Apply to a small area (12" x 12") and immediately buff off with a microfiber buffing/polishing cloth or a soft, 100% cotton flannel cloth for one of the deepest shines and highest gloss finishes available. Wax as often as you wish without wax buildup.

11158 Zymol Jaguar Glaze - 8 oz Jar

ZYMOL FIELD GLAZE - 8.5 OZ PUMP SPRAY - A unique, concentrated formula of Carnauba Milk, coconut oil, avocado oil and aloe vera extract that gives your cars finish a brilliant, just waxed look. Spray a very light mist evenly on a 24" x 24" section of a cool, clean, paint surface. Allow to cure for 30 seconds and then gently buff off with microfiber buffing/polishing cloth or a soft, 100% cotton flannel cloth for a high-gloss shine. May be used as often as you wish with no wax buildup.

11161 Zymol Field Glaze - 8.5 oz Pump Spray

ZYMOL LEHM KLAY III - Overspray Clay - A surface preparation and overspray removal clay that quickly removes paint overspray, tree sap and other surface contaminants. Wash thoroughly to remove all surface dirt, spray a 12" x 12" work area with a generous amount of Zymol Lehm Lube as a lubricant and glide the clay gently over the surface using lateral pressure only. Stretch the clay, fold it over upon itself and repeat the process on another 12" x 12" area. To minimize scratching, do not allow the clay to stray off the lubricated area. If the clay becomes contaminated, the contaminated area must be pinched out and discarded. Once the surface contaminants are removed, wash thoroughly, dry completely and follow with an application of Zymol HD Cleanse and a coat of wax.

11162 Zymol Lehm Klay III

ZYMOL LEHM LUBE - 12 OZ PUMP SPRAY - The companion lubricant that must be used with the Lehm Klay. Wash thoroughly to remove all surface dirt, spray a 12" x 12" work area with a generous amount of Zymol Lehm Lube as a lubricant and glide the clay gently over the surface using lateral pressure only. Stretch the clay, fold it over upon itself and repeat the process on another 12" x 12" area. To minimize scratching, do not allow the clay to stray off the lubricated area. If the clay becomes contaminated, the contaminated area must be pinched out and discarded. Once the surface contaminants are removed, wash thoroughly, dry completely and follow with an application of Zymol HD Cleanse and a coat of wax.

11163 Zymol Lehm Lube - 12 oz Pump Spray

Description

ZYMOL TYRE PRESERVE PUMP SPRAY - 8 OZ PUMP SPRAY - A waterless, natural cleaner and conditioner for automotive rubber. Tyre cleans, preserves, rejuvenates and protects against drying and ultraviolet rays while enhancing color. The result is rubber with a subtle, natural glow. Spray on a soft 100% cotton cloth. Apply to the rubber trim or tire, allow it to penetrate for a few minutes and then buff off the excess with another soft, 100% cotton cloth.

11165 Zymol Tyre Preserve Pump Spray - 8 oz Pump Spray

ZYMOL BRITE WHEEL CLEANER - 22 OZ PUMP SPRAY - Zymol Brite is designed for today's sensitive wheel finishes. Brite effectively removes normal accumulations of brake dust, yet will not stain or discolor wheels. Spray on a cool, dry wheel, allow Brite to work for a few minutes, gently brush with a soft Wheel Brush, rinse thoroughly with water and dry. Brite is a non-corrosive, non-phosphate wheel cleaner.

11166 Zymol Brite Wheel Cleaner - 22 oz Pump Spray

ZYMOL MICROWIPE CLOTH - 16" X 16" - Package of 2 - 16"x 16" Towels - The ultra light nylon & nitril, quad axial woven (microfiber) cloth is designed to make Zymol waxes easier to remove. Zymol recommends that you use with light pressure in a linear motion to gently buff out the wax. May also be used to dust, clean glass and remove fingerprints from the interior surfaces. The 16" x 16" cloth is machine-washable, detergent only, no fabric softener. Each package contains two cloths.

11169 Zymol Microwipe Cloth - 16" x 16"

ZYMOL WAX APPLICATOR PAD - Package of 3 Applicators - A 3 1/2" round, super-soft, poly foam wax applicator. Three applicators are included in each package.

11171 Zymol Wax Applicator Pad

ZYMOL PRE-WAX APPLICATOR PAD - Package of 2 Applicators - A 3"x 4", rectangular foam sponge applicator pad covered on all sides with 100% cotton, soft terry cloth specially designed for applying HD Cleanse. Wash in the washing machine with detergent only no fabric softener or bleach, after each use. Each package contains two pads.

11172 Zymol Pre-Wax Applicator Pad

ZYMOL DETAIL BRUSH - 8 1/2" Brush - The 8 1/2" long, tooth brush shaped detailing brush with super-soft, 11/16" long, horsehair bristles. Great for removing wax build up from small, hard to reach areas such as door jambs, tail lights, hinges, etc. A great implement when used with P21S Total Auto Wash to help remove stubborn wax residue from textured vinyl or rubber body trim/molding. When dirty, wash in warm soapy water, rinse thoroughly and air-dry. The handle is molded plastic to minimize damage to your paint.

11174 Zymol Detail Brush

Description

ZYMOL WHEEL BRUSH - 9" x 1" Brush - A special Belgian horsehair, round, paint brush style brush to gently clean alloy wheels. The bristles are 1" wide by 2" long. The entire brush contains no metal parts to reduce the possibility of scratching delicate alloy wheels. This is one of the only brushes that will effectively reach into the small openings of the basket weave style wheels.

11175 Zymol Wheel Brush

ZYMOL EMPTY SCHPRITZER BOTTLE - 8 oz Empty Pump Spray Bottle - A specially marked, combination measuring, mixing and pump spray bottle designed specifically to mix and apply Zymol Strik, Zymol Glas or Zymol Fabrique. The flask shape fits comfortably in your hand and the precise pump action delivers the correct amount of your product.

11176 Zymol Schpritzer Bottle

ZYMOL WASH SPONGE - This 9" x 4", heavyweight, yet supple sponge is molded without paint killing silicones. It is great for washing wheels and other hard to reach places. The super fine foam structure allows the sponge compress enough to reach into and clean the intricate shapes of complex wheels.

11178 Zymol Wash Sponge

ZYMOL TITANIUM GLAZE - 8 OZ JAR - Titanium is specially formulated for use on Sport Utility Vehicles. It is resistant to salt, tree sap and bug proteins. The formula was developed to be highly effective on the new acrylic paints. Contains 51% Carnauba Wax. May be used on chrome, alloy wheels, plastic trim and Plexiglas with no chalk residue or staining. Wax as often as you wish without wax buildup.

11185 Zymol Titanium Glaze - 8 oz Jar

ZYMOL VOLVO WAX - 8 OZ JAR - Volvo is similar to Zymol Carbon, except the 37% Carnauba content wax is blended specifically for the Volvo finishes. May be used on chrome, alloy wheels, plastic trim and Plexiglas with no chalk residue or staining. A little goes a long way and has a very pleasant coconut smell. Apply to a small area and immediately buff out with a microfiber buffing/polishing cloth or a soft, 100% cotton flannel cloth for the deepest shine and highest gloss finish available. Wax as often as you wish without wax buildup.

11187 Zymol Volvo Wax - 8 oz Jar

ZYMOL JAPON WAX - 8 OZ JAR - A unique product containing 37% Carnauba, designed especially for the clear-coated acrylic paints on Japanese vehicles. Japon provides a barrier against damaging elements while providing a deep, rich, gloss shine. May be used on chrome, alloy wheels, plastic trim and Plexiglas with no chalk residue or staining. Apply to a small area (12" x 12") and immediately buff off with a microfiber buffing/polishing cloth or a soft, 100% cotton flannel cloth for one of the deepest shines and highest gloss finishes available. Wax as often as you wish without wax buildup.

Description

ZYMOL SAAB WAX - 8 OZ JAR - Similar to Zymol Carbon, except the 37% Carnauba content is specifically formulated for the Saab finishes. May be used on chrome, alloy wheels, plastic trim and Plexiglas with no chalk residue or staining. A little goes a long way and has a very pleasant coconut smell. Apply to a small area (12" x 12") and immediately buff off with a microfiber buffing/polishing cloth or a soft, 100% cotton flannel cloth for one of the deepest shines and highest gloss finishes available. Wax as often as you wish without wax buildup.

11189 Zymol Saab Wax - 8 oz Jar

ZYMOL CONCOURS GLAZE - 8 OZ JAR - A special Estate Blended Formula containing 47% Brazilian #1 white and yellow Carnauba to provide possibly the ultimate depth of shine. Each container is hand poured, numbered and signed. Warm the wax in the palm of your hand and apply to a small area (12" x 12") and immediately buff off with a microfiber buffing/polishing cloth or a soft, 100% cotton flannel cloth. Wax as often as you wish with no wax buildup.

11190 Zymol Concours Glaze - 8 oz Jar

ZYMOL SCREEN CLEAN KIT - The kit contains a solvent free, almond meal based cleaner to remove fine scratches and yellowing from convertible rear windows and headlight covers. Apply a small amount of the cleaner to the wool wipe and gently work into the surface using a linear motion until the plastic is clear. Gently buff off the residue with a microfiber buffing/polishing cloth or a soft, 100% cotton flannel cloth. Once you are satisfied with the clarity of the plastic, apply a light coat of the wax to protect and maintain the plastic. The kit contains (1) cleaner, (2) spun wool wipes and (1) protective wax.

11195 Zymol Screen Clean Kit
