PRODUCT LIST - 2010 CALIFORNIA CAR DUSTER - CAR CARE PRODUCTS

THE ORIGINAL CALIFORNIA CAR DUSTER - 25" Long Duster - This is the original car duster with specially treated, 5" long, 100% cotton fibers that lift dust from your car's surface without scratching. The super-soft, 100% cotton mop head caresses the dust from the paint and the 25" long handle makes it easy to reach any part of the car. Keep it in your trunk ready for use anytime you need it. Hold the handle about 4" from the surface of the paint, so the last inch of the fibers gently dusts the paint. Never apply any pressure to the paint with the duster, simply caress the paint with the last inch of the fibers. The heavy-duty vinyl case will help keep it clean between uses. Do not confuse this one with the imitation, plastic handle dusters that will leave messy marks on your paint. (Our favorite way to dust a car.)
