PRODUCT LIST - 2011 MEGUIARS - CAR CARE PRODUCTS

Product Number

Product Description

MEGUIARS #1 MEDIUM-CUT CLEANER - A moderately abrasive cleaner to remove medium surface defects including harsh swirls, contamination, oxidation, water spots and wet sanding marks. Best applied with a slow speed buffer and Meguiars Softbuff Cutting Pad or Meguiars Softbuff Polishing Pad. Work into the paint surface until nearly dry and then buff out with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft 100% cotton flannel cloth or a machine using a Meguiars Softbuff Finishing Pad. Follow with an application of either Meguiars #3 Machine Glaze, Meguiars #7 Show Car Glaze or Meguiars #9 Swirl Remover and a quality wax. This is the medium "sandpaper" of cut cleaners, so use only if a glaze or Meguiars #2 Fine Cut Cleaner will not solve the problem.

10503 Meguiars #1 Medium-Cut Cleaner - 16 oz Bottle

10505 Meguiars #1 Medium-Cut Cleaner - 64 oz Jug

MEGUIARS #2 FINE-CUT CLEANER - A mildly abrasive cleaner that removes fine defects including stains, oxidation, scratches, swirls and mild water spotting while restoring color. Specially formulated for use with a slow speed buffer and Meguiars Softbuff Polishing Pads, but may be applied by hand. Work into the paint surface until nearly dry and then buff out with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft, 100% cotton flannel cloth or a machine using a Meguiars Softbuff Finishing Pad. Especially effective on clear coats and urethane finishes. The results are a clean, smooth surface that is an excellent preparation for a glaze. Finish with either Meguiars #3 Machine Glaze, Meguiars #7 Show Car Glaze or Meguiars #9 Swirl Remover and a quality wax.

10507 Meguiars #2 Fine-Cut Cleaner - 16 oz Bottle

10510 Meguiars #2 Fine-Cut Cleaner - 1 Gallon Jug

MEGUIARS #3 MACHINE GLAZE - An ultra fine glaze designed for use with a slow speed buffer and Meguiars Softbuff Polishing Pads. The super fine abrasives and penetrating nutrients effectively revitalize the paint and restore the original brilliance. Safe for all paint, fiberglass and painted plastic body parts. Apply to a small section of the car with a slow speed buffer, work into the paint until it hazes and then buff off with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft, 100% cotton flannel cloth.

10511 Meguiars #3 Machine Glaze - 16 oz Bottle

10513 Meguiars #3 Machine Glaze - 64 oz Jug

MEGUIARS #4 HEAVY CUT CLEANER - A heavy duty cut cleaner formulated for abused and neglected paints. Effectively removes acid rain etching, industrial fallout, heavy oxidation and major paint problems. Less aggressive than compounds. Apply with a slow speed buffer and Meguiars Softbuff Polishing Pad or Meguiars Softbuff Cutting Pad. Work into the paint surface until nearly dry and then buff out with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft, 100% cotton flannel cloth or Meguiars Softbuff Finishing Pad. Must be followed with an application of Meguiars #2 Fine Cut Cleaner and then either Meguiars #3 Machine Glaze, Meguiars #7 Show Car Glaze or Meguiars #9 Swirl Remover and a quality wax.

10515 Meguiars #4 Heavy Cut Cleaner - 16 oz Bottle

10518 Meguiars #4 Heavy Cut Cleaner - 1 Gal

- DISCONTINUED SIZE

MEGUIARS #6 CLEANER/WAX - A quality one-step product that will clean, polish and protect in one application. Removes light oxidation, adds depth of color and leaves a durable finish without streaking. May be applied either by hand or slow speed buffer using Meguiars Softbuff Polishing Pads. Work a small amount into the surface of the paint until all that remains is a slight haze and then buff out by hand with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a 100% cotton flannel cloth. Safe for all acrylic, enamel, lacquer, urethane and clear coat finishes.

10521 Meguiars #6 Cleaner/Wax - 16 oz Bottle

10522 Meguiars #6 Cleaner/Wax - 64 oz Jug

PRODUCT LIST - 2011 MEGUIARS - CAR CARE PRODUCTS

Product Number

Product Description

MEGUIARS #7 SHOW CAR GLAZE - A hand or machine applied fine glaze to create the perfect "wet look" finish. It will help remove very minor imperfections for a totally clear, swirl free surface ready for waxing. Removes very light scratches and slight acid rain marks and nourishes the paint with rich polishing oils. Apply a small amount to a microfiber applicator pad or a soft, 100% cotton flannel cloth or a terry cloth covered foam applicator pad. Work into the paint using moderate pressure in a linear motion, until all that remains is a slight haze, then buff off with a Blu-Velvet Microfiber Buffing/Polishing Cloth or soft, 100% cotton flannel cloth. May also be applied with a slow speed buffer and a closed cell foam polishing pad. Apply to a small section of the car, work into the paint carefully, until it hazes and then buff off with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft, 100% cotton flannel cloth. Follow immediately with a quality wax.

10524 Meguiars #7 Show Car Glaze - 16 oz Bottle

10526 Meguiars #7 Show Car Glaze - 64 oz Jug

MEGUIARS #9 SWIRL REMOVER 2.0 - A cleaner/polish for clear coat and urethane finishes. Polishes out very minor paint blemishes and feeds the paint with rich nutrients to bring out vibrant color and brilliance while extending paint life. Best applied by hand, but may be applied with a slow speed buffer and Meguiars Softbuff Polishing Pads. Work into the paint until all that remains is a slight haze and then buff out by hand with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft, 100% cotton flannel cloth. Follow immediately with a quality wax.

10528 Meguiars #9 Swirl Remover 2.0 - 16 oz Bottle

10531 Meguiars #9 Swirl Remover 2.0 - 1 Gallon Jug

MEGUIARS #10 CLEAR PLASTIC POLISH - 8 OZ BOTTLE - May be used alone, but is designed to be the second step in the two step restoration process for clear plastic. Use Meguiars #17 Clear Plastic Cleaner to remove minor defects and then follow with an application of Meguiars #10 to restore clarity to the clear plastic. Apply a small amount to a Blu-Velvet Applicator Pad or a soft, 100% cotton flannel cloth, work into the surface until it hazes and then buff off with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft, 100% cotton flannel cloth. The non-abrasive polish safely restores and maintains clarity for all clear plastics while leaving the surface protected and static free. Use on convertible top windows, light lenses, helmet visors and instrument panel covers.

10532 Meguiars #10 Clear Plastic Polish - 8 oz Bottle

MEGUIARS #17 CLEAR PLASTIC CLEANER - 8 OZ BOTTLE - Safely cleans discoloration and removes fine hairline scratches from all clear acrylic or polycarbonate plastics. Apply a small amount to a Blu-Velvet Applicator Pad or a soft, 100% cotton flannel cloth, work into the surface until it hazes and then buff out with a Blu-Velvet Microfiber Buffing/Polishing Cloth or another soft 100% cotton flannel cloth. Stubborn discoloration or scratches may require multiple applications. Follow immediately with an application of Meguiars #10 Clear Plastic Polish. Use on convertible top windows, light lenses and helmet visors.

10538 Meguiars #17 Clear Plastic Cleaner - 8 oz Bottle

MEGUIARS #18 CLEAR PLASTIC DETAILER - 8 OZ PUMP SPRAY - A one step product to polish and maintain all clear plastic windows, acrylic or polycarbonate plastics. If the plastic is in good shape, then this is the product to maintain the clarity. Spray a small amount onto a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft 100% cotton flannel cloth, apply to the surface of the clear plastic and immediately buff off with another Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft, 100% cotton flannel cloth. Do not allow to self-dry. Great for maintaining the crystal clarity of convertible top windows, instrument panels, light lenses and helmet visors. Leaves a crystal clear, anti-static, protective finish.

10540 Meguiars #18 Clear Plastic Detailer - 8 oz Pump Spray

PRODUCT LIST - 2011 MEGUIARS - CAR CARE PRODUCTS

Product Number

Product Description

MEGUIARS #20 POLYMER SEALANT - A unique blend of polymers, resins and waxes that creates a gloss finish that outlasts most waxes. This may be the best choice for a long lasting finish on SUVs, recreational vehicles, airplanes or boats subject to harsh conditions. The polymer does not give the depth of shine of a carnauba wax, but is great for long lasting protection on vehicles where longevity outweighs shine. May be applied either by hand or slow speed buffer with a Meguiars Softbuff Polishing Pads and then polish to a shine with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a 100% cotton flannel cloth. Many European paints may not react well with the polymers.

10543 Meguiars #20 Polymer Sealant - 16 oz Bottle

10544 Meguiars #20 Polymer Sealant - 64 oz Jug

MEGUIARS #21 SYNTHETIC SEALANT - 64 OZ JUG - A synthetic polymer formulation designed to deliver extreme protection and help fill very minor swirl marks. This may be the correct choice for a long lasting finish on SUVs, recreational vehicles, airplanes or boats subject to harsh conditions. The polymer does not give the depth of shine of a carnauba wax, but is great for long lasting protection on vehicles where longevity outweighs shine. May be applied either by hand or slow speed buffer with a Meguiars Softbuff Polishing Pads. Allow to dry thoroughly for 10-15 minutes and then polish to a shine with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a 100% cotton flannel cloth. Many European paints may not react well with the polymers.

10545 Meguiars #21 Synthetic Sealant - 64 oz Jug

MEGUIARS #26 HI-TECH YELLOW LIQUID WAX - A sophisticated blend of premium polymers, yellow Carnauba wax and other waxes to provide long lasting protection while enhancing depth of color. Will not streak or chalk on previously cleaned and polished finishes. Apply a small amount with a Blu-Velvet Applicator Pad, a closed cell foam pad or a 100% cotton terry covered foam pad, work evenly into the paint and then allow to haze. Buff off with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft, 100% cotton flannel cloth. Provides a durable shine that is ideal for vans, trucks and daily drivers. Many European finishes may not react well with the polymers.

10546 Meguiars #26 Hi-Tech Yellow Paste Wax - 11 oz Can

10547 Meguiars #26 Hi-Tech Yellow Liquid Wax - 16 oz Bottle

10549 Meguiars #26 Hi-Tech Yellow Liquid Wax - 1 Gal Jug

MEGUIARS #28 ALL METAL POLISH - 5 OZ JAR - DISCONTINUED - Limited Quantities Available - Deep cleans aluminum, stainless steel, gold, brass, copper, pewter and all metal surfaces. Safe for both coated and non-coated alloy wheels. Deep cleans metals without scratching and adds lasting protection. Has a pleasant fragrance. Apply a small amount with a Blu-Velvet Applicator Pad or a soft, 100% cotton flannel cloth, rub into the surface until a shine appears and then buff off with a Blu-Velvet Microfiber Buffing/Polishing Cloth or another soft 100% cotton flannel cloth.

10551 Meguiars #28 All Metal Polish - 5 oz Jar

MEGUIARS #23 ODOR ELIMINATOR - A spray developed to eliminate or reduce odors caused by smoke, spoiled food or pet accidents. Spray a light coat evenly over the affected areas until the surface is damp. Apply only to carpets, upholstery and other fabric surfaces. Allow the spray to penetrate and self dry. Extreme odor problems may require multiple applications.

10552 Meguiars #23 Odor Eliminator - 10 oz Pump Spray

10553 Meguiars #23 Odor Eliminator - 1 Gallon Jug

PRODUCT LIST - 2011 MEGUIARS - CAR CARE PRODUCTS

Product Number

Product Description

MEGUIARS #34 FINAL INSPECTION - A lubricating, quick detailing spray that adds gloss, removes fingerprints and helps remove water spots after washing. Will also help remove wax or glaze residue after waxing. Convenient to use, just spray on a very light mist and then immediately buff off with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft, 100% cotton flannel cloth. Not a substitute for wax, but #34 will add slickness, depth of color and protection to your existing wax. Great for spot cleaning and maintaining a high gloss shine between waxing. Also the ideal lubricant for Meguiars C2000 Overspray Clay. (Our co-favorite quick detailer.)

10554 Meguiars #34 Final Inspection - 16 oz Pump Spray

10556 Meguiars #34 Final Inspection - 1 Gallon Jug

MEGUIARS #36 HI-TECH WHEEL CLEANER - 16 OZ PUMP SPRAY - DISCONTINUED - Limited Quantities - The wheel cleaner recommended by BBS Wheels. A pH balanced, gentle cleaner designed for painted or clear coated alloy wheels. Spray on a cool, dry wheel, sponge evenly over entire wheel surface to remove any drips or runs, allow to clean for a few minutes, then give the wheel a gentle brushing with a soft wheel brush and then rinse thoroughly with water.

10557 Meguiars #36 Hi-Tech Wheel Cleaner-16oz Pump Spray - DISCONTINUED

MEGUIARS #39 HEAVY DUTY VINYL CLEANER - 16 OZ PUMP SPRAY - Designed to deep clean heavily soiled vinyl and rubber surfaces. Spray on, allow the cleaner to penetrate for a few minutes, gently scrub to loosen stubborn dirt, rinse thoroughly with water and then dry. Heavily soiled or surfaces with deep graining may require gentle brushing with a soft brush to remove the dirt. Once the area is clean and dry, follow with an application of Meguiars #40 Vinyl & Rubber Conditioner, Lexol Vinylex or other quality vinyl conditioner. Always test a small area prior to use to insure colorfastness.

10558 Meguiars #39 Heavy Duty Vinyl Clean-16oz Pump Spray

MEGUIARS #40 VINYL & RUBBER CONDITIONER - Thoroughly cleans, penetrates, rejuvenates and protects against drying and cracking on both exterior vinyl and rubber surfaces. Contains a UV protectant to help screen out harmful ultraviolet rays. Leaves a slightly gloss finish, not a greasy or silicone slippery finish. Spray a small amount on a soft clean cloth, work into the surface, allow to penetrate for a few minutes and then buff off the excess with another soft clean cloth. Use on tires, rubber/vinyl trim, vinyl tops and under the hood rubber/vinyl detailing.

10560 Meguiars #40 Vinyl & Rubber Cond. - 16oz Pump Spray

10562 Meguiars #40 Vinyl & Rubber Conditioner-1 Gal Jug

MEGUIARS #62 CARWASH SHAMPOO & CONDITIONER - 1 GALLON JUG - A pH balanced, biodegradable, high foaming car wash and liquid wax formula to maintain a just waxed finish. Free rinsing conditioning agents and enriched paint nutrients provide sparkling streak-free results that enhances gloss and leaves no residue. Use approximately an ounce of #62 for a large bucket of water.

10566 Meguiars #62 Carwash Shampoo & Conditioner - 1 Gal

PRODUCT LIST - 2011 MEGUIARS - CAR CARE PRODUCTS

Product Number

Product Description

MEGUIARS #66 QUICK DETAILER - 1 GALLON JUG - A combination of a medium strength glaze and a liquid wax combined into one product that helps remove fine scratches, light oxidation, swirl marks and minor stains, as well as leave a coat of wax. This is a great product for quick high production reconditioning and those situations where a two step medium strength glaze and wax is not practical. Apply a small amount to a Blu-Velvet microfiber applicator pad or a soft, 100% cotton flannel cloth or terry cloth covered foam applicator pad. Work into the paint by hand, using moderate pressure, in a linear motion, until all that remains is a slight haze, then buff off with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft, 100% cotton flannel cloth. May also be applied with a slow speed buffer using a closed cell foam polishing pad. Apply to a small section of the car, carefully working it into the paint until it hazes and then buff off with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a 100% cotton flannel cloth.

10567 Meguiars #66 Quick Detailer - 1 Gallon Jug

MEGUIARS #80 SPEED GLAZE - A medium fine glaze designed for use with a slow speed buffer and Meguiars Softbuff Polishing Pads. The medium fine abrasives and penetrating nutrients effectively revitalize the paint and restore the original brilliance. Safe for all paint, fiberglass and painted plastic body parts. Apply to a small section of the car with a slow speed buffer, work into the paint until it hazes and then buff off with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft, 100% cotton flannel cloth. Follow with an application of either Meguiars #3 Machine Glaze, Meguiars #82 Swirl Free Polish and a quality wax.

10571 Meguiars #80 Speed Glaze - 32 oz Bottle

10572 Meguiars #80 Speed Glaze - 1 Gallon Jug

MEGUIARS #82 SWIRL FREE POLISH - A light cut cleaner/polish for clear coat and single stage paints. Polishes out very minor paint blemishes and feeds the paint with rich nutrients to bring out vibrant color and brilliance while extending paint life. Apply with a slow speed buffer and Meguiars Softbuff Polishing Pads. Work into the paint until all that remains is a slight haze and then buff out by hand with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft, 100% cotton flannel cloth. Follow immediately with a quality wax.

10574 Meguiars #82 Swirl Free Polish - 32 oz Bottle

10575 Meguiars #82 Swirl Free Polish - 1 Gallon Jug

MEGUIARS #83 DUAL ACTION CLEANER/POLISH - A medium cut cleaner/polish to remove light to medium paint blemishes, swirls and stains. Feeds the paint with rich nutrients to bring out vibrant color and brilliance while extending paint life. Apply with a slow speed buffer and Meguiars Softbuff Polishing Pads. Work into the paint until all that remains is a slight haze and then buff out by hand with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft, 100% cotton flannel cloth. Follow immediately with a quality wax.

10576 Meguiars #83 Dual Action Cleaner/Polish - 32 oz

10577 Meguiars #83 Dual Action Cleaner/Polish - 1 Gal

MEGUIARS #84 COMPOUND POWER CLEANER - A moderately abrasive cleaner to remove medium surface defects including harsh swirls, contamination, oxidation, water spots and wet sanding marks. The diminishing abrasives cut quickly then reduce to a polishing rouge to prevent scouring. Apply with a slow speed buffer and Meguiars Softbuff Cutting Pad or Meguiars Softbuff Polishing Pad. Work into the paint surface until nearly dry and then buff out with a machine using a Meguiars Softbuff Finishing Pad or by hand with a Blu-Velvet Microfiber Buffing/Polishing Cloth. Follow with an application of Meguiars #82 Swirl Free Polish and followed by a coat of a quality wax.

10578 Meguiars #84 Compound Power Cleaner - 32 oz

10579 Meguiars #84 Compound Power Cleaner - 1 Gal

PRODUCT LIST - 2011 MEGUIARS - CAR CARE PRODUCTS

Product Number

Product Description

MEGUIARS #85 DIAMOND CUT COMPOUND - A super fast cutting, low swirl compound formulated for abused and neglected paints. Effectively removes acid rain etching, industrial fallout, heavy oxidation and major paint problems. Apply with a slow speed buffer and Meguiars Wool Cut 'N Shine Pad or Meguiars Softbuff Cutting Pad. Work into the paint surface until nearly dry and then change pads and buff out with a Meguiars Softbuff Finishing Pad. Must be followed with an application of Meguiars #83 Dual Action Cleaner/Polish and finally a coat of a quality wax.

10580 Meguiars #85 Diamond Cut Compound - 32 oz Bottle

10581 Meguiars #85 Diamond Cut Compound - 1 Gallon Jug

MEGUIARS #105 ULTRA CUT COMPOUND - An ultra fast cutting, low swirl compound formulated for abused and neglected paints. Effectively removes 1200 grit sanding marks, acid rain etching, heavy oxidation and major paint problems. On a scale of 10 this is an abrasive level 12. Apply with a slow speed buffer and Meguiars Wool Cut 'N Shine Pad or Meguiars Softbuff Cutting Pad. Work into the paint surface until nearly dry and then buff out with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft, 100% cotton flannel cloth. Must be followed with an application of Meguiars #83 Dual Action Cleaner/Polish or #205 Ultra Finishing Polish and finally a coat of a quality wax.

10586 Meguiars #105 Ultra Cut Compound - 32 oz Bottle

10587 Meguiars #105 Ultra Cut Compound - 1 Gallon Jug

MEGUIARS #205 ULTRA FINISHING POLISH - A hand or machine applied finishing glaze designed specifically to follow Meguiar #105 Ultra Cut Compound as well as all other Meguiar aggressive compounds. The micro abrasives coupled with a non-gumming formula make this an excellent choice to use after compounding or to remove fine scratches, light oxidation, swirl marks and minor stains. Apply a small amount to a Blu-Velvet microfiber applicator pad or a soft, 100% cotton flannel cloth or terry cloth covered foam applicator pad. Work into the paint by hand, using moderate pressure, in a linear motion, until all that remains is a slight haze, then buff off with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a soft, 100% cotton flannel cloth. May also be applied with a slow speed buffer using a closed cell foam polishing pad. Apply to a small section of the car, carefully working it into the paint until it hazes and then buff off with a Blu-Velvet Microfiber Buffing/Polishing Cloth or a 100% cotton flannel cloth.

10590 Meguiars #205 Ultra Cut Compound - 32 oz Bottle

10591 Meguiars #205 Ultra Cut Compound - 1 Gallon Jug

MEGUIARS DETAILING CLAY - MILD - 200 GM JAR - A surface preparation and overspray removal clay that quickly removes paint overspray, tree sap and other airborne contaminants. Wash thoroughly with car wash to remove all surface dirt, spray a 12" x 12" work area with a generous amount of Meguiars #34 Final Inspection as a lubricant and glide the clay gently over the surface using lateral pressure only. Stop when the sliding resistance ceases and the clay glides smoothly. Stretch the clay, fold it over upon itself and repeat the process on another 12" x 12" area. To minimize the chance of scratching, do not allow the clay to stray off the lubricated area. Must be used with lots of lubricant and if clay becomes contaminated with a piece of grit, the contaminated area must be pinched out and discarded. Once the surface contaminants are removed, follow with a quality pre-wax cleaner and a coat of wax.

10595 Meguiars Detailing Clay - Mild - 200 gm Jar

MEGUIARS UNIGRIT SANDING PAPER - 1200 GRIT SHEET - 5 1/2" x 9" Sheet - The precisely uniform 1200 grit particles eliminate deep sanding scratches, last longer and will not load up like conventional sanding papers. May be used either wet or dry for any automotive sanding project.

10606 Meguiars Unigrit Sand Paper - 1200 Grit Sheet

10607 Meguiars Unigrit Sand Paper - 1200 Grit - Pkg of 25

Car Care Specialties, Inc

PRODUCT LIST - 2011 MEGUIARS - CAR CARE PRODUCTS

Product Number

Product Description

MEGUIARS SOFTBUFF 8" POLISHING PAD WITH BACKING PLATE -

A quality closed cell foam, general purpose, 8" polishing pad with rounded edges to help reduce burned edges and produce a high gloss finish. The tear resistant foam outperforms wool pads. The polishing pad is used to apply most cleaners, glazes and waxes as well as buff out products applied with a cutting pad. The permanently attached backing plate is designed for all brands of buffers that have a 5/8" mounting stud. The backing plate screws onto the buffer. To change pads, simply unscrew the pad/backing plate and screw on another one.

10617 Meguiars Softbuff 8" Polishing Pad w/ Backing Plate

MEGUIARS SOFTBUFF 5.5" POLISHING PAD WITH BACKING PLATE -

DISCONTINUED - Limited Quantities - A quality closed cell foam, general purpose 5" polishing pad with rounded edges to help reduce burned edges and produce a high gloss finish. The tear resistant foam outperforms wool pads. The polishing pad is used to apply most cleaners, glazes and waxes as well as buff out products applied with a cutting pad. The permanently attached backing plate is designed for all brands of buffers that have a 5/8" mounting stud. The backing plate screws onto the buffer. To change pads, simply unscrew the pad/backing plate and screw on another one.

10618 Meguiars Softbuff 5.5" Polish Pad w/ Backing Plate

MEGUIARS SOFTBUFF 6" DUAL ACTION POLISH PAD W/ BACKING PLATE -

DISCONTINUED - Limited Quantities - A quality closed cell foam, general purpose 6" polishing pad with rounded edges to help reduce burned edges and produce a high gloss finish. The tear resistant foam outperforms wool pads. The polishing pad is used to apply most cleaners, glazes and waxes as well as buff out products applied with a cutting pad. The permanently attached backing plate is designed for all brands of dual action buffers that accept a 5/16" mounting stud. The backing plate stud screws into the buffer. To change pads, simply unscrew the pad/backing plate and screw on another one.

10619 Meguiar Softbuff 6" Dual Action Polish Pad w/ Back Plate

MEGUIARS SOFTBUFF 8" VELCRO BACK CUTTING PAD -

An 8" diameter, closed cell foam, cutting pad designed specifically for aggressive cut cleaners. The more aggressive closed cell design helps hold the cleaners without splattering. The tough foam resists tearing and the rounded edges help prevent swirls. Use with either the #10626 or #10645 Meguiars 6" diameter backing plate. To change pads, simply peel off the old pad and pop on the new pad.

10620 Meguiars Softbuff 8" Velcro Back Cutting Pad

MEGUIARS SOFTBUFF 8" VELCRO BACK FINISHING PAD -

An 8" diameter, velvet smooth, closed cell foam, finishing pad designed to buff off cleaners, glazes or waxes and bring out the deep gloss of polished or waxed surfaces. The soft texture surface and rounded edges of the pad bring out a deep gloss while minimizing swirl marks and burned edges. Use with either the #10626 or #10645 Meguiars 6" diameter backing plates. To change pads, simply peel off the old pad and pop on the new pad.

10621 Meguiars Softbuff 8" Velcro Back Finishing Pad

MEGUIARS SOFTBUFF 8" VELCRO BACK POLISHING PAD -

A quality, closed cell foam, general purpose 8" polishing pad with rounded edges to reduce burned edges and produce a high gloss finish. The tear resistant foam outperforms wool pads. The polishing pad is used to apply cleaners, glazes and waxes as well as buff out products applied with a cutting pad. Attaches quickly and easily to either the #10626 or #10645 Meguiars 6" diameter backing plates. To change pads, peel off the old and pop on the new pad.

10622 Meguiars Softbuff 8" Velcro Back Polishing Pad

MEGUIARS CUT 'N SHINE 8" VELCRO BACK WOOL PAD -

An aggressive 8" wool cutting pad with rounded edges to help reduce burned edges and reduce swirl marks. The aggressive wool pad is used to apply heavy cut cleaners and compounds. Attaches quickly and easily to either the #10626 or #10645 Meguiars 6" diameter backing plates. To change pads, peel off the old pad and pop on the new pad.

10624 Meguiars Cut 'N Shine 8" Velcro Back Wool Pad

Product Description

MEGUIARS SOFTBUFF 6" VELCRO BACKING PLATE - 6 1/2" Diameter - A self centering 6" diameter, Velcro backing plate for all 8" Velcro back foam pads. The backing plate is designed for all brands of buffers that have a 5/8" mounting stud. The backing plate screws onto and stays permanently attached to the buffer. The Velcro fastening system allows fast pad changes, simply peel off the old pad and place the new pad on the backing plate and you are back working. The angled edge and foam cushion keeps the backing plate away from the paint.

10626 Meguiars Softbuff 6" Velcro Backing Plate

MEGUIARS SOFTBUFF 4" VELCRO BACKING PLATE - 4" Diameter - A self centering, 4" diameter Velcro backing plate for all 6" Velcro back foam pads. The backing plate is designed for all brands of buffers that have a 5/8" mounting stud. The backing plate screws onto and stays permanently attached to the buffer. The Velcro fastening system allows fast pad changes, simply peel off the old pad and place the new pad on the backing plate and you are back working. The angled edge and foam cushion keeps the backing plate away from the paint.

10640 Meguiars Softbuff 4" Velcro Backing Plate

MEGUIARS SOFTBUFF 6 1/2" VELCRO BACK POLISHING PAD - 6 1/2" Diameter with Velcro Back - A quality closed cell foam, general purpose 6" polishing pad with rounded edges to help reduce burned edges and produce a high gloss finish. The tear resistant foam outperforms wool pads. The polishing pad is used to apply most cleaners, glazes and waxes as well as buff out products applied with a cutting pad. Attaches quickly and easily to either the #10640 or #10646 Meguiars 4" diameter backing plates. To change pads, simply peel off the old pad and pop on the new pad.

10641 Meguiars Softbuff 6 1/2" Velcro Back Polishing Pad

MEGUIARS SOFTBUFF 6 1/2" VELCRO BACK CUTTING PAD - 6 1/2" Diameter with Velcro Back - A 6" diameter, closed cell foam, cutting pad designed specifically for aggressive cut cleaners. The more aggressive closed cell design helps hold the cleaners without splattering. The tough foam resists tearing and the rounded edges help prevent swirls. Use with either the #10640 or #10646 Meguiars 4" diameter backing plate. To change pads, simply peel off the old pad and pop on the new pad.

10642 Meguiars Softbuff 6 1/2" Velcro Back Cutting Pad

MEGUIARS SOFTBUFF 6 1/2" VELCRO BACK FINISHING PAD - 6 1/2" Diameter with Velcro Back - A 6" diameter, velvet smooth, closed cell foam, finishing pad designed to buff off cleaners, glazes or waxes and bring out the deep gloss of polished or waxed surfaces. The soft texture surface and rounded edges of the pad bring out a deep gloss while minimizing swirl marks and burned edges. Use with either the #10640 or #10646 Meguiars 4" diameter backing plates. To change pads, simply peel off the old pad and pop on the new pad.

10643 Meguiars Softbuff 6 1/2" Velcro Back Finishing Pad

MEGUIARS SOFTBUFF 6" DUAL ACTION BACKING PLATE - 6 1/2" Diameter - A self centering 6" diameter Velcro backing plate for all 8" Velcro back foam pads. The backing plate is designed for all brands of dual action buffers that accept a 5/16" mounting stud. The backing plate stud screws into and stays permanently attached to the buffer. The Velcro fastening system allows fast pad changes, simply peel off the old pad and place the new pad on the backing plate and you are back working. The angled edge and foam cushion keeps the backing plate away from the paint.

10645 Meguiars Softbuff 6" Dual Action Backing Plate

MEGUIARS SOFTBUFF 4" DUAL ACTION BACKING PLATE - 4" Diameter - A self centering 4" diameter Velcro backing plate for all 6 1/2" Velcro back foam pads. The backing plate is designed for all brands of dual action buffers that accept a 5/16" mounting stud. The backing plate screws into and stays permanently attached to the buffer. The Velcro fastening system allows fast pad changes, simply peel off the old pad and place the new pad on the backing plate and you are back working. The angled edge and foam cushion keeps the backing plate away from the paint.

10652 Meguiars 2.0 Softbuff 7" Foam Finishing Pad

MEGUIARS LINT & PET HAIR EXTRACTOR BRUSH - 11" Long Brush - DISCONTINUED - Limited Quantities - An 11" long dual sided lint and pet hair extractor brush with long rubber bristles for carpet and short rubber bristles for upholstery. The rubber bristles produce static electricity which quickly and effectively removes pet hair and lint. The long bristles are ideal for carpets and deeper pile materials. The short bristles are designed for the shorter pile materials such as headliners and cloth upholstery.

10691 Meguiars Lint & Pet Hair Extractor Brush

MEGUIARS CAR/TRUCK/SUV BODY DUSTER - 21" Long Duster - This car duster has dense mop head with 3" long, 100% cotton, paraffin treated fibers that lift dust from your car's surface without scratching. The super-soft, 100% cotton mop head caresses the dust from the paint and the quick release handle makes it easy to store. Keep it in your trunk ready for use anytime you need it. Hold the handle so the last inch of the fibers gently dusts the paint. Never apply any pressure to the paint with the duster, simply caress the paint with the last inch of the fibers. The heavy-duty vinyl case will help keep it clean between uses.
