Description

BLU-MAXX HD MICROFIBER WAFFLE WEAVE DRYING TOWEL - 36" x 25" microfiber drying towel - The ultimate, super large, super thick, super absorbent, super soft, waffle pattern, microfiber drying towel with super soft microfiber silk binding on all four sides so it will not scratch. The Blu-Maxx HD is so absorbent you can usually dry an entire car without wringing. If your favorite drying implement is several 100% cotton terry towels, then this one 36" x 25" towel should replace them all. The waffle weave pattern of the 80% Polyester and 20% Polyamide fiber blend is designed to maximize the surface area of the cloth and maximize the amount of water the towel will absorb. Machine wash using the gentle cycle and warm water with detergent only, no fabric softener or bleach and machine dry on low without dryer sheets. Do not wash with any cotton fabric as the lint will be trapped by the microfibers. (Our co-favorite way to dry your car.)

17801 Blu-Maxx HD Microfiber Waffle Weave Drying Towel

BLU-MAXX II FOAM / MICROFIBER WAFFLE DRYING TOWEL - 16" x 24" Microfiber Drying Towel - A super absorbent, super soft, foam core, waffle pattern, microfiber drying towel with super soft microfiber silk binding on all four sides so it will not scratch. The Blu-Maxx II is smaller, easier to handle and super absorbent for its size. If your favorite drying implement is several 100% cotton terry towels, then this one 16" x 24" towel will replace them all. The waffle weave pattern of the 80% Polyester and 20% Polyamide fiber blend is designed to maximize the surface area of the cloth and maximize the amount of water the towel will absorb. Machine wash using the gentle cycle and warm water with detergent only, no fabric softener or bleach and machine dry on low without dryer sheets. Do not wash with any cotton fabric as the lint will be trapped by the microfibers.

17803 Blu-Maxx II Foam / Microfiber Waffle Drying Towel

BLU-MAXX III MICROFIBER WAFFLE WEAVE DRYING TOWEL - 36" x 25" Microfiber Drying Towel - A super large, absorbent, super soft, waffle pattern, microfiber drying towel with super soft microfiber silk binding on all four sides so it will not scratch. The Blu-Maxx III is the economy model of the Blu-Maxx HD and is very absorbent. If your favorite drying implement is a 100% cotton terry towel, then this one 36" x 25" towel will replace it. The waffle weave pattern of the 80% Polyester and 20% Polyamide fiber blend is designed to maximize the surface area of the cloth and maximize the amount of water the towel will absorb. Machine wash using the gentle cycle and warm water with detergent only, no fabric softener or bleach and machine dry on low without dryer sheets. Do not wash with any cotton fabric as the lint will be trapped by the microfibers.

17804 Blu-Maxx III Microfiber Waffle Weave Drying Towel

GRAY UTILITY MICROFIBER WAFFLE WEAVE DRYING TOWEL - 36" x 25" Microfiber Drying Towel - DISCONTINUED - Limited Quantities Available - A super large, absorbent, super soft, waffle pattern, microfiber drying towel. This is an economy version of the Blu-Maxx HD and is very absorbent. The edge binding is a whipstitch thread polyester that may scratch delicate paint if not used carefully. The waffle weave pattern of the 80% Polyester and 20% Polyamide fiber blend is designed to maximize the surface area of the cloth and maximize the amount of water the towel will absorb. Machine wash using the gentle cycle and warm water with detergent only, no fabric softener or bleach and machine dry on low without dryer sheets. Do not wash with any cotton fabric as the lint will be trapped by the microfiber. Discontinued - limited quantities available.

Description

BLU-VELVET ULTRA-SOFT MICROFIBER BUFFING CLOTH 16" X 16" -

16" x 16" Buffing/Polishing Cloth - This 16" x 16", ultra-soft, microfiber buffing/polishing cloth is the absolute softest we have ever carried. One side offers long velvet, "terry style" looped fibers that are designed specifically for buffing and polishing. This side will polish paint, chrome, bare metal, plastic and almost any surface to a streak free, mirror shine. The Blu-Velvet Cloth is soft enough and absorbent enough to remove quick detail products without streaking. The other side has shorter terry style looped fibers that are more aggressive and more effective to remove wax or glaze residue. All four sides are bound with microfiber silk edge binding to prevent scratching. They are also great to remove dust from your computer screen. The uses are limited only by your imagination. Machine wash using the gentle cycle and warm water with detergent only, no fabric softener or bleach and machine dry on low without dryer sheets. Do not wash with any cotton fabric as the lint will be trapped by the microfibers. (Our co-favorite way to remove wax and polish)

- 17810 Blu-Velvet Ultra-Soft Microfiber Buffing Cloth 16" x 16"
- 17811 Blu-Velvet Ultra-Soft Microfiber Buffing Cloth 16" x 16"-Pkg of 3
- 17814 Blu-Velvet Ultra-Soft Microfiber Buffing Cloth 16" x 16"-Pkg of 12

BLU-VELVET ULTRA-SOFT MICROFIBER BUFFING CLOTH 16" X 24" -

16" x 24" Ultra-Soft Microfiber Buffing/Polishing Cloth - This 16" x 24", ultra-soft, microfiber buffing/polishing cloth is the absolute softest we have ever carried. One side offers long velvet, "terry style" looped fibers that are designed specifically for buffing and polishing. This side will polish paint, chrome, bare metal, plastic and almost any surface to a streak free, mirror shine. The Blu-Velvet Cloth is soft enough and absorbent enough to remove quick detail products without streaking. The other side has shorter terry style looped fibers that are more aggressive and more effective to remove wax or glaze residue. All four sides are bound with microfiber silk edge binding to prevent scratching. They are also great to remove dust from your computer screen. The uses are limited only by your imagination. Machine wash using the gentle cycle and warm water with detergent only, no fabric softener or bleach and machine dry on low without dryer sheets. Do not wash with any cotton fabric as the lint will be trapped by the microfibers. (Our co-favorite way to remove wax and polish)

- 17815 Blu-Velvet Ultra-Soft Microfiber Buffing Cloth 16" x 24"
- 17816 Blu-Velvet Ultra-Soft Microfiber Buffing Cloth 16" x 24"-Pkg of 3
- 17819 Blu-Velvet Ultra-Soft Microfiber Buffing Cloth 16" x 24"-Pkg of 12

MICRO-MAIZE ULTRA-SOFT MICROFIBER GLASS CLOTH - 16" x 24" Glass

Cleaning Cloth - This 16" x 24", plush hook pile, microfiber cloth is the finest glass cleaning cloth we have ever carried. The super absorbent properties of the Polyamide blend and the scrubbing power of the plush hook pile combine to make glass cleaning easy. Spray a small amount of glass cleaner onto the center two-thirds of the glass, use one side of the Micro-Maize to work the glass cleaner out to the edges, then turn the cloth over and burnish the glass crystal clear. When dirty, machine wash using the gentle cycle and warm water with detergent, no fabric softener or bleach and machine dry on low without dryer sheets. Do not wash with any cotton fabric as the lint will be trapped by the microfibers. (Our favorite glass cloth.)

- 17820 Micro-Maize Ultra-Soft Microfiber Glass Cloth
- 17821 Micro-Maize Microfiber Glass Cloth-3/Pkg
- 17824 Micro-Maize Microfiber Glass Cloth-12/Pkg

Description

BLU-VELVET ULTRA-SOFT MICROFIBER BUFFING/POLISHING CLOTH

- 25" x 36" Buffing/Polishing Cloth - This 25" x 36", ultra-soft, super large, microfiber buffing/polishing cloth is the absolute softest and largest we have ever carried. One side offers long velvet, "terry style" looped fibers that are designed specifically for buffing and polishing. This side will polish paint, chrome, bare metal, plastic and almost any surface to a streak free, mirror shine. The Blu-Velvet Cloth is soft enough and absorbent enough to remove quick detail products without streaking. The other side has shorter terry style looped fibers that are more aggressive and more effective to remove wax or glaze residue. All four sides are bound with microfiber silk edge binding to prevent scratching. Many people even use this super large towel to dry a car after washing. The uses are limited only by your imagination. Machine wash using the gentle cycle and warm water with detergent only, no fabric softener or bleach and machine dry on low without dryer sheets. Do not wash with any cotton fabric as the lint will be trapped by the microfibers.)"

17825 Blu-Velvet Ultra-Soft Microfiber Buffing/Polishing Cloth

BLU-VELVET ULTRA-PLUSH MICROFIBER BUFFING/POLISHING

CLOTH - 16" x 16" Buffing/Polishing Cloth - This 16" x 16", ultra-plush, ultra thick, microfiber buffing/polishing cloth is the absolute softest and thickest we have ever carried. They are about 30% thicker than the original Blu-Velvet cloths, yet retain all of the softness. One side offers long velvet, "terry style" looped fibers that are designed specifically for buffing and polishing. This side will polish paint, chrome, bare metal, plastic and almost any surface to a streak free, mirror shine. The Blu-Velvet Ultra-Plush Cloth is soft enough and absorbent enough to remove quick detail products without streaking. The other side has shorter terry style looped fibers that are more aggressive and more effective to remove wax or glaze residue. All four sides are bound with microfiber silk edge binding to prevent scratching. The uses are limited only by your imagination. Machine wash using the gentle cycle and warm water with detergent only, no fabric softener or bleach and machine dry on low without dryer sheets. Do not wash with any cotton fabric as the lint will be trapped by the microfibers. (Our co-favorite way to remove wax and polish)

17827 Blu-Velvet Ultra-Plush Microfiber Buffing/Polishing Cloth

17828 Blu-Velvet Ultra-Plush Microfiber Buffing/Polishing Cloth-Pkg of 3

17829 Blu-Velvet Ultra-Plush Microfiber Buffing/Polishing Cloth-Pkg of 12

BLU-VELVET ULTRA-SOFT MICROFIBER DUSTING CLOTH - 16" x 16"

Dusting Cloth - The dense pile, hook fibers of this 16" x 16" cloth make it perfect for dusting. The hooked fibers lift and trap both dust and light filmy residues from plastic, vinyl, leather, chrome, glass or almost any surface except paint. To test the lifting power of this cloth, run your finger across the surface of the cloth and you will feel the fibers grab. The uses are limited only by your imagination. When dirty, machine wash using the gentle cycle and warm water with detergent, no fabric softener or bleach and dry in the dryer on the low setting. Do not wash with any cotton fabric as the lint will be trapped by the microfibers. (Our favorite dusting cloth - do not use on paint.)

17830 Blu-Velvet Ultra-Soft Microfiber Dusting Cloth

17831 Blu-Velvet Ultra-Soft Microfiber Dusting Cloth-Pkg of 3

17834 Blu-Velvet Ultra-Soft Microfiber Dusting Cloth-Pkg of 12

BLU-VELVET ULTRA-SOFT ROUND MICROFIBER APPLICATOR PAD -

5" Diameter Applicator Pad - A 5" diameter foam pad covered with super-soft, terry loop, microfiber. This pad is a great way to safely apply cleaners, glazes, waxes and even liquid protectants. Use one with your favorite wheel cleaner to scrub stubborn brake dust without scratching your expensive alloy rims. When dirty, wash in warm soapy water, rinse thoroughly with water, squeeze out the excess water and air-dry.

Description

ULTRA-SOFT MICROFIBER WASH/DUST GLOVES - 2/PKG - One Pair - 5 Fingered Microfiber Gloves - If your car deserves the white glove treatment then these little goodies are for you. These 5 fingered, ultra-soft, microfiber gloves are ideal for either cleaning, washing or dusting. The ultra-soft microfibers trap dirt to help prevent scratching. With each finger surrounded by microfiber, you can clean, remove wax, dust or wash all the tight areas you could not reach before. Many customers use them to scrub the difficult to clean areas of the new intricate design alloy rims. The uses are only limited by your imagination. All of the seams are stitched internally to eliminate the possibility of scratching. The one size glove will fit all size hands. When dirty, machine wash using the gentle cycle and warm water with detergent, no fabric softener or bleach and air dry. Do not wash with any cotton fabric as the lint will be trapped by the microfibers.

17865 Ultra-Soft Microfiber Wash/Dust Gloves-2/Pkg

MICRO-MAIZE ULTRA-SOFT MICROFIBER WASH OR DUST MITT - 7" x 11" Microfiber Mitt - A 7" x 11", ultra-soft, long pile, microfiber mitt that is ideal for either washing or dusting. The long pile microfibers trap dirt and keep it away from the paint to help prevent scratching. A soft, full, inner foam lining keeps your hand comfortable. All seams are stitched internally to eliminate the possibility of scratching. When dirty, machine-wash using the gentle cycle and warm water with detergent, no fabric softener or bleach and air dry. Do not wash with any cotton fabric as the lint will be trapped by the microfibers.

17870 Micro-Maize Ultra-Soft Microfiber Wash or Dust Mitt

17871 Micro-Maize Ultra-Soft Microfiber Wash or Dust Mitt-3/Pkg

SCREAMING GREEN ULTRA-SOFT MICROFIBER CHENILLE WASH

MITT - 7" x 11" Wash Mitt - This extra dense pile, extra long fiber, microfiber chenille mitt is great for washing. The mesh lining helps protect your hand and the elastic wrist band helps keep it on your hand. The 7" x 11" size and the super soft, long chenille fibers make this a super sudsing mitt that helps wash away dirt and grime without scratching. The unique twisted fiber design holds more water than traditional mitts. Since it is microfiber chenille, it is safe for all surfaces. When dirty, machine wash using the gentle cycle and warm water with detergent, no fabric softener or bleach and air dry. Do not wash with any cotton fabric as the lint will be trapped by the microfibers.

17875 Screaming Green Ultra-Soft Microfiber Chenille Wash Mitt

17876 Screaming Green Ultra-Soft Microfiber Chenille Wash Mitt-3/Pkg

MICRO-MAIZE ULTRA-SOFT MICROFIBER CONTOUR WASH SPONGE

- 9" x 5" Wash Sponge - The ultra-soft, long pile, microfiber is sewn over all sides of an absorbent 9" x 5" ergonomically contoured sponge. The long pile microfibers trap dirt and keep it away from the paint to help prevent scratching. All seams are stitched internally to eliminate the possibility of scratching. When dirty, machine-wash using the gentle cycle and warm water with detergent, no fabric softener or bleach and air dry. Do not wash with any cotton fabric as the lint will be trapped by the microfibers.

17880 Micro-Maize Ultra-Soft Microfiber Contour Wash Sponge

ULTRA-SOFT MICROFIBER INTERIOR DUSTER - 12" Plastic Handle Microfiber Interior Duster - This super handy, 12" long duster is just about the only way to easily remove dust from all parts of your car dash. The triangular microfiber head and low angle handle design allows you to reach all the way into the tight nooks and crannies between the windshield and the dash. The 6" long by 3 1/2" wide, super-soft, microfiber mop head soaks up the dust from the dash, vents, radios, CD players, car phones, etc. When the mop head is dirty, wash in warm, soapy water, rinse thoroughly and air-dry.

17891 Ultra-Soft Microfiber Interior Duster

Description

ULTRA-SOFT ECONOMY MICROFIBER GLASS CLOTH - 16" x 16" Glass Cleaning Cloth - DISCONTINUED ITEM - Limited Quantities Available - The scrubbing power of the ribbed pile side and the absorbent properties of the Polyamide blend microfiber combine to make this economy glass cleaning cloth work much better than paper or cotton towels. Spray a small amount of glass cleaner onto the center two-thirds of the glass, use the smooth side of the glass cloth to work the glass cleaner out to the edges, then turn the cloth over and scrub the glass crystal clear with the ribbed side. When dirty, machine wash using the gentle cycle and warm water with detergent, no fabric softener or bleach and machine dry on low without dryer sheets. Do not wash with any cotton fabric as the lint will be trapped by the microfiber. Discontinued - limited quantities available.

- 17892 Ultra-Soft Economy Microfiber Glass Cloth
- 17893 Ultra-Soft Economy Microfiber Glass Cloth-3/Pkg
- 17894 Ultra-Soft Economy Microfiber Glass Cloth-12/Pkg

ULTRA-SOFT MICROFIBER CAR DUSTER WITH CASE - 25" Long Duster - This car duster with 3" long, microfiber mop head that lifts dust from your car's surface without scratching. The super-soft, microfiber mop head caresses the dust from the paint and the 25" long handle makes it easy to reach any part of the car. Keep it in your trunk ready for use anytime you need it. Hold the handle about 2" from the surface of the paint, so the last inch of the fibers gently dusts the paint. Never apply any pressure to the paint with the duster, simply caress the paint with the last inch of the fibers. The vinyl case will help keep it clean between uses. When dirty remove the mop head from the handle, machine wash using the gentle cycle and warm water with detergent, no fabric softener or bleach and air dry. Do not wash with any cotton fabric as the lint will be trapped by the microfibers.

- 17895 Ultra-Soft Microfiber Car Duster with Case

GRAY MESH MICROFIBER SCRUBBER CLOTH - 16" x 16" Scrubber Cloth - DISCONTINUED - Limited Quantities Available - The unique rectangular weave resembles a honey comb that both scrubs and traps insect residue, tar, tree sap and other tough residues from glass, chrome, stainless, brass, plastic or almost any surface except paint. To test the scrubbing power of this cloth, run your finger across the surface of the cloth and you will feel the honeycomb grab. The uses are limited only by your imagination. When dirty, machine wash using the gentle cycle and warm water with detergent, no fabric softener or bleach and dry in the dryer on the low setting. Do not wash with any cotton fabric as the lint will be trapped by the microfiber. Discontinued - limited quantities available.

- 17898 Gray Mesh Microfiber Scrubber Cloth

GREEN MULTI-PURPOSE MICROFIBER CLOTH - 2/PKG - 16" x 16" Multi-Purpose Cloths - DISCONTINUED - Limited Quantities Available - The dense pile, hooked fibers of these 16" x 16" cloths make them perfect for dusting, cleaning, removing leather/vinyl protectants, metal polishing, drying wheels and use on any other hard surfaces. The uses are limited only by your imagination. When dirty, machine wash using the gentle cycle and warm water with detergent, no fabric softener or bleach and dry in the dryer on the low setting. Do not wash with any cotton fabric as the lint will be trapped by the microfiber. Discontinued - limited quantities available.

- 17899 Green Multi-Purpose Microfiber Cloth-2/Pkg
